## ***CENTERFORCE FLYWHEELS***

---

### **ALL FLYWHEELS**

All CENTERFORCE flywheels have a preservative on them to help prevent rust. We recommend that you use BRAKE CLEAN to remove all traces of the preservative prior to installing the clutch assembly.

**Failure to do so may cause slippage and premature clutch failure**

---

**NOTE:** Replacement of any Dual-Mass flywheel with a Single-Mass Flywheel may result in unwanted gear noise from the transmission.
